Series IV

Personal and Family Life Images

5 Slide Storage Boxes (1 cubic ft.)

Series IV: Personal and Family Life Images consists of visual material relating to George Owen's personal life. This most recent addition to the Owen related collections was generously donated by Chris Morehouse, a great-grandson of Owen, in 2003. Morehouse informed the Hart Nautical Collections that Owen was the creator of these images. The series is divided into two subseries: films and slides. There are 28 color and black and white 16mm films, which document Owen's family activities, events, and vacations as well as yacht races and other nautical subject matter. The films range in date from 1934-1950. The 986 color 35mm slides are of similar content. Only a small percentage of the images in this series relates to Owen's professional career. The bulk of images reflect Owen's life-long interest in photography, his love of horticulture, and his family life. Additionally, images of yachting, MIT, trips along the coast of Maine, and the hurricane of 1938 will be of interest to many.

The 16mm films have been inventoried. Access to these films remains restricted until a preservation assessment, conservation and archival duplication of the films are completed. A general summary of the content found on the films is listed below. Owen's slides have been catalogued on an item level and a complete listing is the primary content of this series.

Content Summary of 16mm Films

- Yacht racing at Marblehead, Massachusetts, Newport, Rhode Island and elsewhere.
- Rowing races on the Charles River, Massachusetts including MIT and other universities.
- 1934 America's Cup Races.
- J-class *Ranger* and Astor Cup Races.
- Owen Family yachting.
- Model yacht racing.
- Coastal damage from Hurricane of 1938.
- NY Worlds Fair, 1939.
- Fishing Trawlers.
- Onboard *USS Davis*.
- Boston area sporting events involving family.
- Owen Family at home, abroad, and at play.
- Outdoor scenery.

Patrons interested in assisting with preservation of the films should contact the curator of Hart Nautical Collections.

Note on Order

Each film and slide has a unique object number, such as “2003.007.001.” All items in this series begin with the accession number “2003.007” as they belong to the seventh gift, donated in 2003. Subpoints, such as “.001,” indicate specific films and slides. The slides were processed and rehoused in their original order. The listing below is not the original order. The list is sorted alphabetically (numbers sort prior to letters) by content in the photo subject field to facilitate browsing.

Microfilm

There are no microfilm images of this series.

Ordering Prints

For information about print costs and publication fees please refer to the “research services” section of the “collections and research” page of the MIT Museum’s web site. All requests must be in writing to:

Curator
Hart Nautical Collections
MIT Museum
265 Massachusetts Ave.
Cambridge, MA 02139
617-258-9107 (fax)
kurt@mit.edu

Please include the following information with your request:

1. Your name and mailing address.
2. Object numbers from list below.

Searching

In addition to browsing the list of slides, you will likely wish to use the “search” or “find” functions available in PDF readers. This function is usually under Edit on the tool bar at the top.

List of Slides

The list of slides in the George Owen Collection was generated from the larger primary Owen Collection database. The list below is a report of five fields from the database that are most useful in describing and locating images.

Explanation of Fields

Object # = Unique object number of slide, created by the project archivist.

Box # = Location of slide.

Photo Date = Date when the photograph was taken, if known, entered in year/month/day format. If the date is unknown, three dashes are entered.

Photo Subject = Description of the image, created by the project archivist. Vessels names are in caps.

Caption = Caption written on the side or original slide box, usually by Owen.
